WORK HISTORY

Student (Self-Study)

UDEMY | MAR 2020 - PRESENT

- The Complete 2020 Web Development Bootcamp
  by Dr. Angela Yu

- Cypress: Web Automation Testing Zero to Hero
  by Artem Bondar(Test Automation Engineer)

- The Modern JavaScript Bootcamp Course
  by Colt Steele

- Web Design with HTML, CSS, JavaScript and jQuery (Book)
  by Jon Duckett

Sales

AMAZON | 2010 - 2017
PETERBILT | 2017 - MAR 2020

- Ran my own Amazon Book business for seven years with gross annual sales over $100K during my last five years.

- Utilized book scanners with a downloaded Amazon price database to scan books quickly in thrift stores, library sales, etc...

Aviation Meteorologist

THE WEATHER COMPANY | 2005-2010
USAF | 2000 - 2005

- Utilized both UNIX and Linux-based systems to retrieve raw meteorological data and model data to assist in the forecast-making process for locations around the world.

- In 2003, while working as a weather forecaster at McMurdo Station, Antarctica I assisted the sysadmin with our Windows 2000 server.
